

ENVIRONMENTAL INNOVATION AWARDS

You are invited to enter the GO GREEN Environmental Innovation Awards. This is an environmental challenge open to schools located in East Cheshire, North Staffordshire and North Shropshire.

The prizes will be awarded to schools in two categories, Primary/Special and Secondary. The winners in each category will receive **£3,000**, second place will be awarded **£1,000** and third place will be awarded **£500**.

The aim of the project is to enhance environmental understanding of the pupil and the staff body of the school, as well as taking action on the problem of increasing CO2 emissions and climate change. Entries should demonstrate outcomes that can actively reduce the carbon footprint of pupils, staff, the school or the local community as a whole. The prize money is to be spent on either initiating or continuing the winning project.

We are looking for innovative projects that could include any of the following ideas;

- **Reducing energy consumption of the school/community**
- **Utilising a renewable energy source**
- **Reducing the amount of waste produced by the school/community**
- **Supporting more sustainable and healthier ways to travel to school**
- **Sourcing more sustainable products and services to be used by the school**

...or a completely original idea of your own!

Please download or save this document, fill in the following form, and email back to us as an attachment to the following address: crewe@greenrental.co.uk

CLOSING DATE FOR ENTRIES IS 31ST JANUARY 2010

ENVIRONMENTAL INNOVATION AWARDS

School Name:

Age Group:

Title of project:

Project leader(s):

Please outline briefly a plan of your project, its aims and how you will achieve these:

ENVIRONMENTAL INNOVATION AWARDS

Please describe how your project reduces or offsets CO₂ emissions:

Please highlight the environmental issues studied and learnt during the project:

If successful, please describe how the school would spend the £3,000 prize money:
